

1. Product and company identification Produced / distributed by	BASF Construction Chemicals South Africa PO Box, 420, Westonaria, 1780 Tel: +27-11-754-1343, Fax: +27-11-754-1105 Website: www.basf-cc.co.za
2. Composition/information on ingredients Chemical nature Mixture of solvents, rosin and additives	
3. Hazardous identification Main hazard is danger of fire or explosion if split or misused. Biological tests indicate that it will be (a) Unlikely to cause harm if swallowed in small amounts. However large quantities may cause nausea and diarrhoea and may injure lungs if aspiration occurs. e.g. while vomiting. (b) Unlikely to cause skin irritation on brief occasional exposure. Especially if combined with poor industrial and/or personnel hygiene, and may eventually lead to dermatitis. (c) Irritant to eyes, noses and throat at high concentrations.	
4. First aid measures Inhalation Eye Ingestion Skin	Remove from exposure. If there is any respiratory distress give oxygen. If respiration stops apply artificial respiration. Obtain medical attention urgently Immediately flood with copious quantities of water holding eye open. Obtain medical attention. Wash out mouth with water Obtain medical attention. Do not induce vomiting. Wash with soap and water. Contaminated clothing should be washed or dry-cleaned before re-use.
5. Fire fighting measures Suitable extinguishing media Protective clothing	Foam, carbon dioxide or dry chemical. Fire fighter should wear self-contained breathing apparatus.
6. Accidental release measures Personal precautions Environmental precautions Methods for cleaning up	Do not siphon by mouth. Avoid skin contact Avoid inhalation. Avoid contact with eyes. Store in well ventilated areas, away from heat or sources of ignition. Do not wash into drainage system. Absorb liquid in earth or sand. Collect in suitable containers for disposal.

7. Handling and storage Handling	Store in well ventilated area. Keep container closed when not in use. No smoking.
Storage	Keep away from food & drink. Store in cool dry conditions.
8. Exposure controls and personal protection Skin & body protection	Wear protective suit.
Hand Protection	Wear rubber gloves.
Eyes Protection	Wear tightly fitting safety goggles.
9. Physical and chemical properties	
Form	H
Colour	Liquid
Odour	Brown
Flash point	Solvent smell
S.G. @ 25°C	36°C
pH	0.825
Solids	7.5
	27
10. Stability and reactivity Conditions to avoid	During a fire in which this material is involved Hydrogen Chloride (HCL) may be liberated.
Stability	Stable under normal conditions.
11. Toxicological information Acute oral toxicity	Small amounts (LD 50 estimated greater than 5g/kg) cause no harm
Eye Eye contact	Irritant. Irritant.
12. Ecological information	Do not wash down drainage system. Avoid subsoil penetration.
13. Disposal considerations	Dispose of waste material at an approved landfill site in accordance with local regulations. Do not dispose of waste with normal garbage or in local sewage systems.

14. Transport information**Road/Rail transport ADR/RID**

Class 3

Item 31

Packaging Group III

Hazardous symbol = Flammable liquid

Kemler No 30

UN No 1223

Maritime IMO

UN No 1223

Class 3

Packaging Group III

Hazardous symbol = Flammable liquid

Air Transport ICAO/IATA

UN NO. 1223

Class 3.3

Packaging Group III

Hazardous Symbol = Flammable liquid

15. Regulatory information

R10 Flammable

R66 Harmful

R38 Irritant

Dangerous to environment.
